Dog Race Event Rules

The race track is 12' wide and 32' long with lane dividers to allow for up to six racers at a time. The track is surrounded by fencing to separate dogs and racers from spectators. Dogs may be off-leash in the track area but must be kept on-leash at all times outside the track.

The rules are presented at the beginning of each heat by the race judge. Volunteers will be available to provide any assistance that you might need.

- Only Dachshunds may enter the Wiener Dog Race. Proof of dachshund pedigree is not required however your dog must look like a dachshund.
- The small dog division is open to any breed of dog under 25 pounds in weight.
- All dogs must have two handlers for the event. One handler will release the dog at the starting line and one handler will "catch" the dog at the finish line.
- Dogs must be held at the starting line until the whistle is blown to start the race. No "throwing" of the dogs onto the track is permitted.
- Do not release the dog before the whistle is heard as a 2nd false start will disqualify the racer.
- Lane jumping at any point on the track will disqualify a racer.
- Handlers at the finish line must remain behind the line & cannot reach into the track to catch their dog.
- The number of heats will be determined by the number of racers. Typically, the top 2 racers in each heat will advance to the next round. In case of a tie or other special circumstance such as if a racer is cut-off, more than 2 racers may advance to the next round.
- Dog handlers at the finish line can bring a toy to entice their dog. No food is allowed in the race area. Please be considerate of the others in your choice of motivation for your dog. No object may be tossed down the track.
- The judges' decisions are final.

A trophy and gift basket is planned to be awarded to the 1st & 2nd place finishers of the finals for each division. The gift basket filled with many dog items is donated by Lemos.
